

SPP Indicator C-3 (Child Outcomes)

Probe Questions

Common Indicator Probe Questions

1. Do you have new data or new information that is more current than the data shown on your Strand Report? If so, what do the data show?
2. How does your performance level compare to the State target?
3. Do the data vary significantly based on the child's race/ethnicity?
4. Do the data vary significantly based on the child's age?
5. Do the data vary significantly based on a child's *Early On*® eligibility category?
6. Does the performance level reflect a **systemic** problem (e.g., it involves multiple providers, personnel changes, or processes), or is it **clustered** with specific providers or groups of children?
7. Have the data shown any significant changes over time?

Indicator-Specific Probe Questions

1. Is all of the childhood outcome data entered into the system timely?
2. What does your data say about your program?
3. Are there supports in place to address the area(s) of need?
4. Are there policies in place to prepare personnel to measure the early childhood outcomes?
