After reviewing the verified child list, the OGS/ECD&FE will select records from the confirmed list to review at the on-site Monitoring Review. MDE will communicate to the service area what children they have selected for this additional review. Please make these records available on the day of the on-site Monitoring Review.

Note: To see the list of selected children, select the MDE Child Selection page from the Monitoring Review Menu. See the Access the Activity section of this how-to for how to find the activity when it is not on the Tasks Overview.

## What's Next?

#### Engage in Interviews and/or On-site Monitoring Reviews

- The OGS/ECD&FE will schedule interviews as appropriate.
- If participating in an on-site Monitoring Review, the OGS/ECD&FE will organize the details
  of the on-site Monitoring review with the service area.
- The OGS/ECD&FE will review each child's record and accompanying documentation at the on-site Monitoring Review.
- A Preliminary Summary will be issued to the service area at the end of an on-site Monitoring Review. This Preliminary Summary will also be available in Catamaran in the activity.

#### **Correct Non-compliance**

If non-compliance is found, the finding(s) will be issued in Catamaran.

If any CLCAPs are issued, they will be issued at the end of the on-site Monitoring Review.

Note: The Corrective Action process for Monitoring Reviews will be the same as the Focused Monitoring Corrective Action process.

For more information about Monitoring Review Corrective Action Plans, please access the <u>How</u> <u>to Complete the Monitoring Review Corrective Action Plan Process (CAP)</u> resource on the Catamaran Technical Assistance Website.
